***Allowable Subject Matter***

Claims 25-26, 28-29, 31-34, 36, 40-53 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior arts of record are Policicchio et al. (US 2002/0166573), and Alexander et al. (US 3,957,529 A1). Policicchio et al. teach a surface (exterior surfaces) cleaning composition comprising organic acids, surfactants, hydrophilic oxygen containing solvents and water. However, the combination of earlier-applied prior art, because of the much more limited scope of the amended claims: potassium fluoride in amount of 0.5-5%, organic acid and organic acid salt by the amount of 2-15%, surfactants by the amount of 2-10%, and hydrophilic oxygen containing solvent by the amount of 5-20% no longer anticipate the claims or renders the claims obvious. Also Alexander et al teach a surface cleaning composition comprising organic acid, surfactant, hydrophilic oxygen containing compounds. Alexander et al. do not anticipate neither anticipate or render the claims of instant application obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
